10. In early December, there were recurrent rumors that Illumenstrasse in Dallgew would again put off limits to the German population, as this street consisted of tuildings suitable for officer tillets. Source further learned that spartments for additional 200 Soviet families were needed. A rajor inspected apartments in the north section of Dallgow. There were also rumors that Dallgow inhabitants, who vacated their apartments for the occupation forces would be given other spartments in Falkensee. 1. Corrent. The known occupation of the installations mentioned, which had been confirmed by these and other sources in early December, and the transfer to the Leewen Kaserne of the 18th (?) Ungr En of the 1st Necz Div, previously stationed in the Till Dulenspiegel settlement, are again confirmed. 2. Comment. In connection with the arrival of officer families, the confiscation of apartments in Doeleritz and Falkensee and the transfer to Falkensee of Dallgow inhalitants had repeatedly been re-		
wore red-tordered black enculets. Intensive activity was observed in the compures. 5. On 4 Jenuary, Loswen Tanerne and Adler Taserne were heavily occupied. 6. An informant stated that, on 4 Jenuary, the cantonment at Farenheidenberg was occupied by only a small guard detail of soldiers wearing red-fordered black epsulets. 7. Between 23 and 30 December, warksamphip training with rechine guas, subsectine guas and carlines was repeatedly observed in the training area southeast of Bascahedenberg and at the Glebelfenn firing range. 8. On 4 Jenuary, the former KVF quarters on Burboldt Allee, Felkenhool, were occupied by about 50 to 60 troops of the torder guard detail who were black-lordered crimson epsulets; and a Coviet family. 9. On 17 December, building No 1 on Banesatrasses in the area of the former air force headquarters on Elkenses was occupied by 6 soldiers westing red-tordered black spaulets. Flusters were soon working there, est about 4 p.m., by 2 officers and 2 DE escring red-bordered black epsulets, left the area of the building at 10 Banesatrasse toward the town. Jource expressed the belief that these troops belonged to acknowe excepted and that, due to efforts by the tungonactor of Filenses, the lutletings on ether side of Kochstresse protelly would not be occupied and that, eccording to the population, course of trailings in the area of the former air force headquarters which were to be reoccupied, would be exprepristed. The fence shound the, instabiliation of the former air force headquarters which were to be recocupied, would be exprepristed. The fence sound the, instabiliation of the former air force headquarters was being dissentled. 10. In early December, there were recurrent runors that Illumenatures in Bellgow would again put off limits to the Certen population, as this street consisted of unline sustained for editional 200 Soviet families were needed. A refor inspected epartments in the north section of Bellgow. These were also rurors that Dellgow inhelitones, who we sted their spectuals.		
5. On 4 January, Loswen Tamerna and Adler Tassame were heavily occupied. 6. An informant stated that, on 4 January, the cantonment at Eagenheidenberg was occupied by only a small guard detail of soldiers wearing red-bordered black epubets. 7. Between 23 and 30 December, warksamedip training with rachine guns, submechine guns and carlines was repeatedly observed in the training area southeast of Massadedenberg and at the Glebelfenn firing range. 8. On 4 January, the former NF quarters on Numboldt Allee, Felkenhook, were occupied by about 50 to 60 troops of the torder guard detail who were black-hordered original repeated to make a locate farily. 9. On 17 December, building No 1 on Manasatrasse in the area of the former air force hardquarters on Filhensee was occupied by 4 soldiers wearing red-hordered black epubets. Fluthers were seen working there, at about 4 p.ms., it is considered black epubets. Fluthers were seen working there, at the tuilding at 10 Manasatrasse toward the town. Jource expressed the belief that these troops lelonged to make the first the area of the fullding at 10 Manasatrasse toward the town. Jource expressed the belief that these troops lelonged to make the first because the fulldings on either aids of Montaresse probably would not be occupied, which were to be reoccupied, which were to be reoccupied, would be expreprised. The fence around the installation of the former air force headquarters was being dismentled. 10. In early December, there were necurrent runors that Hurenstrasse in Beligow would again put off limits to the German population, as this street consisted of tuildings suitable for officer lillets. Source further learned that evartments for additional 200 Soviet Parilles were needed. A refor inspected apprendict in the north section of Dellgow. There were also runors that Dellgow inhaltionis, who we sted their spectrats for the occupation forces would be given other spertments in Falkensee. 1	4.0	
6. An informant stated that, on 4 January, the cantonment at Hazemheidenberg was occupied by only a stell guard detail of soldiers wearing red-bordered black epsulets. 7. Between 23 and 30 December, as researcedly observed in the training area southeast of Hazemheidenterg and at the Globelfenn firing range. I great southeast of Hazemheidenterg and at the Globelfenn firing range. I so not 4 January, the former KVF quarters on Burtoldt Allee, Folkenhook, were occupied by about 50 to 60 troops of the torder guard detail who were black-bordered crimson epsulets; and a Joviet farily. 9. On 17 December, building No 1 on Hansactresse in the area of the former air force headquarters on Falkenhoe was counted by 6 soldiers weering red-tordered black epsulete. Flurbers were seen working there, at about 4 p.m., because the former weering red-tordered black epsulete. Flurbers were seen working there, at about 4 p.m., because the first state of the thilding at 10 Hansactresse toward the torm. Jource expressed the belief that these troops lelonged to an advance detail, source stated that, due to efforts by the fungomatics of Filensee, the fulldings on either mide of Kochstresse protetly would not be occupied and that, according to the population, owners of buildings in the area of the former air force headquarters which were to be reoccupied, would be expreprieted. The fence around the installation of the former air force headquarters was leing dismentled. 10. In early December, there were recurrent runors that Illumenatrasse in ballgow would again put off limits to the German population, as this street consisted of tuildings suitable for officer fillets. Source further learned that spertrents for additional 200 Soviet Parilies were needed. A refor inspected epstaments in the north section of Deligow.
